A Strange Case. Mutual hypnotism is the cause assigned by Dr. Paul Allen, who occupies the chair of materia medica in the New York Homeopathic College, for the strange sleep now lasting 13 days of Mrs. James H. Heustis and her daughter Luella. The two women lie in their deep trance at the Presbyterian Hospital, and until the suggestion exercised by each upon the other is broken neither will awaken according to the alients. will awaken, according to the alienist.
"Very likely," said Dr. Allen, "one woman has hypnotized the other. This By S. H. Lunt, Auctioneer.

By VIRTUE OF A DEED OF TRUST from Parris Simms recorded in deed book No. 20, page 426, a land record of Alexandria city, the undersigned surviving trustees named in said deed, by direction of the Board of Directors of the Mechanics' Building Association, No. 2, of Alexandria, Virginia, the beneficiary under said deed, default having been made in the provisions of said deed, will offer for a large of the control of the poured upon him. When cold water be poured upon him. When cold water is then dashed upon the body the suggespatient." In other words, the minds of the two

women in perfect sympathy mutually re-act making the sleep deeper as it pro-gresses. There are few cases like that of the two patients. For 13 days they have lain motionless. It is quite po sible that both hear and understand what is going on around them without the power to express themselves by the slightest movement of a muscle. Food is forced down their chroats, the swallowing muscles being powerless. This food consists of eggs beaten up in milk and its nutritive power is sufficient to keep the two alive. Up to a late hour yesterday neither showed signs of awakening. It is probable that both will recover consciousness at the same time unless the sleep ends in death. In that case Dr. Allen's remarkable diagnosis will be almost proved.

The attention of the medical world is centered on the curious case. Physicians generally scout the idea that the coma is the result of the gas poisoning to which both had been subjected. Either it would have ended in death days ago or the effects would have worn off, is the unanimous opinion.

Russia Planning Big Navy. The prospects of American shipbuilders having a large share in the rebuilding and enlargement of the Russian navy are growing brighter. An extensive naval programme, which is a few years will restore Russia to an equality with the first-class sea powers, has practically been completed, but has not yet received the final assent of Emperor Nicholas. the final assent of Emperor Nicholas.
The policy of the Admiralty will be to
use the rebuilding of the navy for the
development of the shipbuilding industry at home, in order to render the coun try independent of foreign construction in future, and for this purpose the con-struction of yards in Russian waters by foreign builders will be encouraged. At the same time it is realized that on account of the extent of the programme i will be impossible to construct all the ships in Russia without entailing too much delay. The admiralty is inclined to show special consideration to the claims of Russia's French allies, but American propositions also are regarded with favor, and when the orders are distributed America, next to France, is

for anyone to attempt to doctor himself, although he may have the proper remedies at hand. A physician should always be called. It should be borne in mind, however, that pneumonia always results from a cold or from an attack of the grip, and by the proper treatment of these diseases a threatened attack of pneumonia may be warded off. There There is no question whatever about this, as during the thirty years and more that Chamberlain's Cough Remedy has been used, we have yet to learn of a single case of a cold or attack of the grip havcase of a cold or attack of the grip naving resulted in pneumonia when this remedy was used. It is also used by physicians in the treatment of pneumonia with the best results. Dr. W. J. monia with the best results. Dr. W. J. I use it in cases of pneumonia and have always gotten the best results." Sold by Gibson & Timberman and W. E. Creichten & Co. F. Creighton & Co.
